

Dear Students and Parents,

It is now time to prepare for the end of the year examinations. If you log on our CRISIS MANAGEMENT SITE you will find a window **End Of The Year Examinations**. Click on the window and you will find **three pdf files**.

The first pdf file is named **Examination Procedures** and will give you all the instructions on how the examinations will take place online. If you face any problem with electrical power cuts or lack of internet connections, you should rush to school for a solution. It is very important, if you face one of the above-mentioned events, **NOT TO OPEN THE ENVELOPE**. You must arrive at school with the envelope still sealed. If you should lose your internet connection during your examination, you should **phone me immediately**. I will record the time, in order to ascertain how long it will take you to get to the school with your examination paper in its envelope. In this case, the envelope will have been opened.

The second pdf file has the **Time Schedule** of the examinations, starting on May 26 and ending on June 22. The Higher Levels must take place first as, according to Pearson EDEXCEL, these examinations should be completed by June 10.

The third pdf file has the **List of Students** who are entitled to sit the examinations.

By May 23 - 2020 we will have completed 42 teaching days, from 10 teaching stations, with more than 3,000 teaching online periods. All the work you have produced will count towards your Continuous Assessment and your final end of year mark.

I would like to encourage all of you keep up the hard work from home and
Good Luck

Walid Kambargi
School Director
